

**MATERIAL SAFETY DATA SHEET**

**PATON ROSE FOOD PLUS WATER SAVING GRANULES**

**IDENTIFICATION**

Product Name:	Paton Rose Food plus water saving granules
Other Names:	Paton Rosefood
UN Number:	Not applicable
Dangerous Goods Class & Subsidiary Risk:	Not Applicable
Hazchem Code:	Nil
Poisons Schedule Number:	Exempt
Use:	Agriculture. Fertilizer (soil nutrient)
<b>Physical Description / Properties</b>	
Appearance:	Cream to light brown granules. 0.5 - 1.4 mm.
Boiling point/Melting point:	No Data
Vapour Pressure:	Not Applicable
Specific Gravity:	N/A
Flashpoint:	Non flammable
Flammability limits:	Not applicable
Solubility in Water:	Immiscible.
<b>Other Properties:</b>	
Chemical Name:	CAS number:
Mother Earth	N/A
DAP	7783-28-0
Sulphate of ammonia	7783-20-2
Superphosphate	8011-76-5
Sulphate of potash	7778-80-5
Magnesium oxide	10034-99-8
Based on the available information, not classified as hazardous according to worksafe Australia.	

**HEALTH HAZARD INFORMATION**

<b>Health Effects:</b>	Not considered to be a health hazard under normal circumstances.
Swallowed:	Ingesting of very large amounts may result in internal obstruction/ constipation or discomfort, nausea.
Eye:	The dust is abrasive to the eyes.
Skin:	Mildly irritating to skin, if exposed to frequent and prolonged periods.

	No effect should occur if the product is promptly washed off.
Inhaled:	The dust is irritating to the upper respiratory tract.
<b>First Aid</b>	
Swallowed:	Swallowing small quantities is not normally harmful. Immediately rinse mouth out with water. Seek medical advice.
Eye:	Hold eye open, flood with copious amounts of water for 15 minutes and see a doctor. It is recommended that permanent or mobile eye wash stations be provided when handling this product.
Skin:	A small amount of skin contact is not normally harmful. Remove contaminated clothing and wash skin thoroughly with soap and water. Launder contaminated clothing before re-use.
Inhaled:	Inhalation is not normally harmful. Recovery is rapid after removal from exposure if symptoms are experienced, remove source of contamination or remove victim to fresh air.
First Aid Facilities:	It is important to have eye irrigation stations in areas where contact with Paton Rose Food is a hazard.
<b>Advice to Doctor:</b>	Treat symptomatically. Consult poisons information centre.

### PRECAUTIONS FOR USE

Exposure Standards:	No exposure limit has been assigned to this product. Where no specific exposure standard has been assigned, the recommended exposure level for dust in general shall be 10mg/m <sup>3</sup> measured as inspirable dust. The exposure limit is expressed as a time weighted average (TWA) concentration over an eight hour working shift, for a 5 day working week, and is the limit recommended by the supplier of this material.
Engineering Controls:	Use in a well ventilated area.
Personal Protection:	When using do not eat, drink or smoke. Wash thoroughly before smoking, eating or using toilet facilities. Wear overalls, boots, gloves and safety goggles. Avoid inhaling dust. Where high concentrations of airborne dust is present, respirators conforming to AS1716 should be worn.
Flammability:	Non Flammable.

### SAFE HANDLING INFORMATION

Storage and Transport:	Not classified as dangerous goods. Store in a cool place. Store apart from combustible materials, herbicides, fungicides or strong mineral acids.
Spills and Leaks:	Small spills can be swept for re-use, or can be sluiced away with large quantities of water to drains. Large spills, (>100kg), should be swept up and shoveled into containers for reclamation. Add any broken packages to the container. Sluice down the spill area with large quantities of water. Do not contaminate streams, rivers or water courses. For advice on disposal, telephone the number given on the data sheet.
Fire/Explosion Hazard:	Non flammable. For fires involving this material:
